---

## EXPERIENCE

**Software Developer Intern**

*Shamrock Trading Corporation, Overland Park, KS*

*June 2025 – August 2025*

- Built and maintained full-stack features for the RTS Pro platform using React, React Native, and TypeScript
- Developed RESTful APIs in Node.js, tested via Postman, and integrated with AWS infrastructure
- Used Redux for consistent state management across mobile and web applications
- Managed iOS deployment and debugging via Xcode

**Java Teaching Assistant**

*Kansas State University, Manhattan, KS*

*August 2023 – Present*

- Supported students in Java programming labs and assignments
- Assisted with debugging, concept clarification, and hands-on learning
- Provided feedback that improved students' understanding and performance

**Food Service Team Member**

*Chipotle Mexican Grill, Olathe, KS*

*August 2021 – Present*

- Operated efficiently in a fast-paced environment across various kitchen stations
- Trained new team members and ensured consistency during high-volume service

---

**PROJECTS****RTS Pro Internal Tools**

*React, TypeScript, Redux, RTK Query*

- Delivered frontend features within agile sprints and daily standups
- Added alerts for missing bank information and built UI for wire routing updates
- Resolved bugs across production and development environments

**Job Search Website**

*Node.js, React*

- Created a platform to track internships and manage job applications
- Backend built for status updates; deployed at [csjobs.lol](https://csjobs.lol)

**KSU Esports Director Site**

*HTML/CSS*

- Designed a team site for rosters, performance history, and schedules
  - Live at [ksur6.org](https://ksur6.org)
- 

## **LEADERSHIP & INVOLVEMENT**

### **Director, K-State Esports Teams**

*2023 – Present*

- Organized practices, managed rosters, and coordinated scrimmages
- Fostered collaboration and improved team performance

### **K-State Marching Band**

*2022 – Present*

- Participated in games, events, and team rehearsals
- Demonstrated commitment and team synergy

### **Engineering Leadership Program**

*2023*

- Attended workshops and seminars focused on communication and leadership development
-
